

B | DAY OF ACTION Stand Against Hunger

This year's IB Day of Action—Stand Against Hunger—is geared towards creating opportunities for members to stand against hunger within their community by:

- Finding out more about the impossible choices of hunger around your community.
- Taking action to make food a certainty, not a choice.
- Choosing to use their voice to create change and help address the hunger issue.

During this year's event, member firms will share, volunteer, pledge, fundraise and donate to help end the impossible choices of hunger within their communities.

Member firms can also join together with other local business to fundraise or accept donations from the community to donate to local food shelters.

With inflation pushing food prices higher and higher and other recent events around the world, we are anticipating a rise in hunger this fall. We believe that it is important to anticipate this need now to reduce the impact on our communities.

If you'd like to help us stand against hunger by supporting our local food shelters, please contact us. We would love your help!

Please contact clow@pedersen-law.com or call (208) 734-2552 if you would like to join us or make a donation. You can also visit pedersen-law.com for more information.
